G A L L E R I E S

Jim Halperin and Steve Ivy, Numismatists

Dear Customer:

Welcome to our first Heritage Numismatic Journal since Fall, 1984. The array of coins in the Winter 1985 HNJ is staggering. Whether you are a collector, investor or dealer, it is certain that you will find a number of coins which will pique your interest.

1984 was a memorable year for Heritage and, from early indications, 1985 should be every bit as good — if not even better. Many of our customers became close friends in 1984 and we invite you to establish a personal relationship with one of our Professional Numismatists in 1985.

Our inventory of Liberty and St. Gaudens Double Eagles (a number of which are listed in the HNJ) has never been more choice or more extensive. Many experts strongly recommend the purchase of these coins and we would be more than happy to hand select a coin (or coins) for you. Again, our Professional Numismatists will be happy to offer their assistance.

Sincerely,

Michael W. Sherman
General Manager

OUR GUARANTEE

All coins purchased from Heritage Rare Coin Galleries are covered by an unconditional 45 day return privilege, one of the longest in the industry.

It is also guaranteed that all coins sold are genuine. As proof of our certainty that no counterfeit or altered coin can escape our attention, it is also guaranteed that we will refund the full Heritage purchase price plus 15% interest per year compounded annually on any non-authentic coin sold through Heritage Rare Coin Galleries. If you request auction for liquidation, Heritage Numismatic Auctions, Inc., after acceptance, will catalog your coins at the same grade which you purchased them.

Each and every coin sold by Heritage Rare Coin Galleries is graded on both the obverse and reverse, according to the standards set forth in the American Numismatic Association Grading Guide. It should be understood, however, that grading is an art and not a science, and that the American Numismatic Association standards, as published, are somewhat vague and subject to interpretation. Because of this, opinions on grading as well as value, can, and often do, differ between experts as well as grading services. The purchaser is therefore encouraged to carefully inspect and evaluate all coins during this 45 day period.

1984: The Year In Review

Orwellian Doom aside, 1984 was basically a mixed year for Numismatics. On the bright side: a return of the collector to the market, a tightening of grading standards and the surprising strength of auctions. on the dark side: the ANACS shenanigans, the continued weakness of most series and the financial filing of some respected dealers.

Coin prices in 1984 were, in one word, "weird". Collectors and dealers frequently overpaid at auction on the very same coins they had recently passed-on at shows/via price lists. That ephemeral word, "quality", was **the** buzzphrase for the year. Unequivocal Gems — coins with awesome color, luster and eye appeal — often brought absurd prices. Rare dates continued to be a bargain as fewer collectors seemed interested in assembling complete sets. Series which showed particular strength included Saint Gaudens Double Eagles (plus all true MS 65/65 gold), Gem Barber coins and prooflike Morgan Dollars. As these areas are primarily investment-oriented, the almost obsessive desire for true Gem coins reigned supreme.

The supposedly not-so-glamorous world of "specialist series" also fared well. Astonishingly strong Large Cent prices were realized at the Starr Sale (Stack's, 6/84), Colonial prices were strong at the Picker Sale (Stack's, 10/84), Bust Dollars were very active at the Carter Sale (Stack's, 1/84) and rare date gold showed continued strength at a number of auctions. In summary, specialists were willing to pay top prices for problem-free, aesthetically pleasing examples of rare dates/rare varieties.

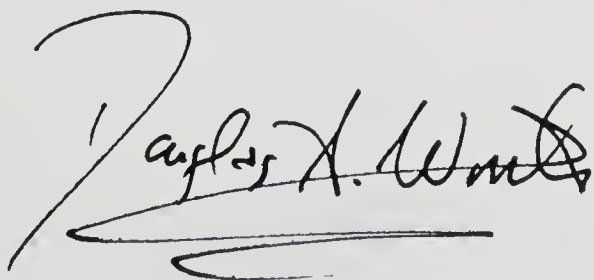

As someone who is involved in research, I was glad to see a few classic reference books published in 1984. Leading the way was Walter Breen's stupendous "*Encyclopedia of United States Half Cents, 1793-1857*." This lavish tome was notable for its excellent text, high-quality production and crisp, clear photography. Another important and impressive work was Messrs. Davis, Logan, Lovejoy, McCloskey and Subjack's "*Early United States Dimes 1796-1837*." Unfortunately, many of the other works published in 1984 were either outright trash or trivial recapitulations of past publications.

So, what lies ahead for 1985? Despite investment-letter hype to the contrary, I doubt 1985 will usher in the next "boom market". I do, however, see steady, strong growth for nice coins. I also see continued growth and strength in the so-called "collector areas".

Which series will perform best in 1985? Beats me. But I do know that the most undervalued series include all 1793-1807 type coins in strict VF-AU grades, Branch Mint Liberty Head gold of all denominations, Patterns, superb original rolls of Roosevelt Dimes, Washington Quarters and Franklin Halves (especially when they can be purchased at levels close to spot) and Proof Large Cents (particularly coins with significant amounts of original Mint red). As price levels for these coins are, for the most part, quite low, purchase of a few choice pieces seems to have a very limited downside.

"Year In Review" essays are often exercises in futility and offer the potential to be embarrassed one year later. So, if all of this turns out to be wrong, please do not send me ridiculing notes.

Wishing you the best in 1985,

Rare United States Coins For Sale

BUST HALF DIMES

1834 Proof (63/63) V-4. Pale cloudy gold toning over fully reflective surfaces. An unquestionable Proof, in our opinion, due to the depth of the surfaces, the height and squareness of the rims and the exceptional quality of the strike. While one of the more readily obtainable of (in fact the only obtainable) date of this type in Proof, a very rare coin in its own right. (see color photo)	4,950.00
1835 MS (60/63) Small Date, Small 5C. Prooflike with the reverse fully so.	770.00
1835 MS (63/63) Small Date, Large 5C. Nice original color.	1,080.00
1835 MS (65/65) Small Date, Large 5C. Rich, satiny surfaces are untoned at their centers and shade to a light russet at their peripheries. The strike is exceptional with every detail up; the surfaces are unmarked and entirely original. A lovely Half Dime in every respect.	5,400.00
1835 MS (65/65) Small Date, Small 5C. Fully prooflike and razor-sharp. Lovely original old-gold and greenish pastel toning.	5,400.00

SEATED LIBERTY HALF DIMES

1840 MS (63/63) No Drapery. Deeply toned.	990.00
1841 MS (65/65) Deep grey with pastel flashes in the fields. Every last detail on this little jewel is sharp and considerable luster peeks through the deep toning. Amongst the finest known of this date and an equally significant type coin.	3,500.00
1845 MS (63/63)	770.00
1845 MS (63/65) Frosty, well struck and toned to a rich gold. There are a few marks on the obverse.	2,150.00

1851-O AU (55/55) Superb original toning on somewhat prooflike surfaces. Scarce.	225.00
1852-O MS (63/63) Deep rainbow iridescence at the peripheral obverse; similar but much lighter reverse with gold predominant. Unusually bold strike for the date with good detail on Ms. Liberty's head and the wreath. One of the rarest coins we have sold in years; we are unable to account for more than four-five strictly Mint State 1852-O Half Dimes. An excellent buy at	2,950.00
1853-O EF (40/45) No Arrows. Deep grey with light bluish-green iridescence. Typical strike with the date weak (especially the 1 and the bottom of the 8); very nice surfaces and overall appearance. Very scarce; along with the 1846 this is the scarcest date in the series.	1,250.00
1855 MS (60/63) Struck from clashed dies.	540.00
1855 MS (65/63) Very sharply struck and lustrous with light gold toning on the obverse and reverse.	1,950.00

BUST DIMES

1805 EF (45/45) Four Berries. Original light steel-grey with a touch of luster in the protected areas.	1,800.00
1805 MS (63/65) Four Berries. Untoned and frosty. A remarkable strike for the date with some of the left obverse denticles present and no weakness at the corresponding reverse. There are some very, very faint slidemarks on Ms. Liberty's cheek; otherwise this coin is superb in every respect. Needless to say, a rarity in this grade; desirable as one of the finest Heraldic Eagle Dimes to be sold in some time. (see color photo)	15,600.00
1807 EF (45/45) Splashes of sunset-gold, lavender and grapefruit over surfaces which show the clashmarks typical to the date.	1,800.00
1820 MS (63/63) Variety 5. Notched stars obverse; Large Period after 10C. (R-4). Struck from clashed dies. Light gold toning over satiny surfaces; typical strike with stars six and seven plus the eagle's right leg weak; other details are very sharp. Very rare in Mint State and possibly the finest known example of this variety.	3,500.00
1835 MS (63/63) Variety 3. Somewhat prooflike with iridescence forming about the light lilac centers. Extremely well struck with the hair details complete and the feathers unusually bold. Scarce.	2,500.00

SEATED LIBERTY DIMES

1843 MS (63/63) Repunched 1. Attractive deep russet-gold toning over lustrous and mark-free surfaces.	810.00
1850 MS (65/65) Quite underrated in strict Mint State; many were melted in the redemption of 1853.	3,500.00
1853 AU (50/50) Arrows.	110.00
1854 MS (65/65) Untoned, lustrous and extremely well struck. The surfaces lack the all-too-familiar clashmarks which make it so difficult to find really satisfactory With Arrows type coins.	3,400.00
1857 MS (65/65) Natural grey with liberal splashes of sapphire on the obverse; the reverse is toned to a delightful russet. Sharply struck for the date and a nice type coin.	3,500.00
1858 Proof (65/65) An absolutely gorgeous coin. The obverse center is a brilliant lilac-emerald which changes to lemon-gold; the reverse has similar but slightly more intense colors. The colors are further enhanced by extremely reflective and unimpaired surfaces.	6,500.00
1860 Proof (63/65) Mostly untoned but for crescents of russet below the date and the right peripheries of the obverse and reverse.	2,200.00
1862-S EF (40/40) Scarce.	125.00
1865 MS (67/65) An unquestionable business strike with full frosty luster and no traces of prooflike surfaces. Evenly toned in citrine-gold hues; a bit flat on the cap but otherwise sharp and minus the oft-seen heavy clashmarks. This coin truly combines rarity and condition. (see color photo)	6,500.00
1869 MS (65/65) Light smoky grey toning over mostly prooflike surfaces. This is only the second Gem 1869 Dime we have stocked in the past two years.	3,150.00
1869 Proof (65/65) Smoky grey with undertones of wheat at the center and electric-blue at the periphery. A tiny untoned area to the left of the U in UNITED serves as identification. Like the business strikes of this year, a difficult date to locate in choice condition.	3,600.00
1873 Proof (65/65) Superb iridescent toning with a curiously untoned area above STATES. This and the next coin are destined to be of great interest to the type collector.	3,600.00
1873 Proof (67/67) Splashes of orange-gold toning on the obverse and reverse; the obverse displays considerable contrast and is just a few hairlines shy of the exceptional quality displayed by the reverse.	6,000.00

SEATED LIBERTY DIMES (cont'd)

1873-S MS (63/65) Untoned and somewhat prooflike on the obverse. Scarce and all-but-unobtainable any choicer than this.	590.00
1874 Proof (65/67) Smoky grey surfaces flash in shades of blue, russet, lilac and green when tilted into a light source. We have graded the reverse higher than the obverse due to the former's greater overall flash.	5,750.00
1875 Proof (65/65) Light gold toning covers excellent natural surfaces.	3,600.00
1875-CC MS (60/63) Mintmark above bow.	475.00

1877-CC MS (65/65) Superb deep gold toning on the obverse.	2,520.00
1880 MS (65/65) Untoned and wholly satiny. A coin which no one (repeat, no one) will ever confuse with a Proof. Scarce.	3,780.00
1881 MS (65/67) An unquestionable business strike with satiny luster below lovely antique-gold and cream toning. A light scrape in the right obverse field separates this coin from a full "67/67" grade. Scarce. (see color photo)	4,500.00
1882 MS (63/63) Well struck.	510.00
1883 MS (63/63) Semiprooflike.	510.00

SPECIAL OFFER

A short while ago, an East Coast dealer purchased an incredible pair of original rolls of 1883 and 1884 Dimes. The quality of these rolls is staggering. Each coin is untoned, frosty and all-but-unmarked. We were able to pick through these rolls and we chose what we felt were the finest available coins. The prices of these coins are, admittedly, high. But the quality, we feel, amply justifies the cost. We urge the quality-conscious type collector or collector-investor to purchase a piece.

TWENTY CENT PIECES

1875-S EF (40/40)	160.00
1875-S MS (63/63) Well struck and lustrous; a touch of gold toning on the obverse. Affordable — unlike so many other Twenty Cent Pieces.	2,150.00

1875-S MS (63/65) Deep prooflike obverse; semiproof-like reverse. One of the flashiest Twenty Cent Pieces these eyes have seen; not struck from Proof Dies but destined, no doubt, to be offered as such some day.	4,300.00
1876 Proof (65/65) Medium grey surfaces change to russet, emerald and blue when tilted into a light source. Overshadowed by the 1877 and 1878 Proofs which follow but a significant coin in its own right. (see color photo)	8,500.00
1877 Proof (65/65) A dazzling example of this scarce and very popular issue. The deep, reflective obverse is a blend of medium blue, green and gold pastels; the equally brilliant reverse is toned in shades of sienna, umber and gold. The surfaces are free of hairlines. Undoubtedly one of the finest 1877 Twenty Cent Pieces available on today's market. (see color photo)	13,200.00
1878 Proof (65/67) Purchased with the 1877 listed above and almost identical in appearance. The reverse on this coin is, however, slightly finer and, thus, we have raised the overall grade accordingly. (see color photo)	16,750.00

SEATED LIBERTY QUARTERS

1851-O MS (65/65) Frosty grey with splashes of iridescent gold and pale bluish-green. Extremely sharp with a full head, sharp claws and strong denticles. This is the second finest known example (any one of only three true Uncs. known of the date) trailing only the Bergen coin sold by Quality Sales in their October, 1979 auction. This coin was recently purchased by our European buyer in an old collection where it had resided since the early 1860's. An exciting discovery and one of the rarest coins we've sold in some time. (see color photo)	15,000.00
1853 EF (40/40) Arrows and Rays.	110.00
1853 MS (60/63) Arrows and Rays. Light gold toning atop frosty surfaces. Minor contact marks in the obverse field; choice reverse.	1,650.00
1854 MS (65/65) Toned.	5,875.00
1857 MS (65/65) Untoned and lustrous; an unusually sharp impression for the date.	4,800.00
1858 MS (65/65) Satiny and exceptionally sharp for the date. The obverse is toned to a light rose at the rim; the reverse is a rich gold changing to crimson at the periphery.	4,800.00
1858 Proof (63/63) Superb iridescent toning on the obverse and reverse. Some Mint-made lintmarks (these are seen on most Proof 1858 Quarters and were probably caused by a Mint employee improperly wiping the die to clean it) are present on the obverse. Breen estimates that between 60-75 were struck and, of these, three or four dozen survive; many of these pieces have been cleaned or are otherwise impaired. (see color photo)	3,450.00
1869 Proof (65/65) A natural iridescent bullseye on the obverse; the reverse is untoned at the center while the periphery is iridescent.	4,300.00
1873 Proof (65/65) No Arrows. Deeply toned with multihued pastels beckoning from below. A nice example of this short-lived type coin.	4,300.00
1874 Proof (65/65) Very deep obverse toning; lovely mauve, emerald and gold reverse. A popular type issued only for two years.	5,875.00
1874-S MS (63/63) Dusky rose-grey with considerable luster peering through. The only affordable mint-marked With Arrows (type of 1873-4) Quarter and popular as such.	1,950.00
1876 MS (63/65) Dusky rose-grey toning over somewhat prooflike surfaces.	2,370.00
1879 MS (63/63) Prooflike both with enough frost in the surfaces to convince most of its business strike status. Very light golden-russet toning is forming.	1,800.00
1879 Proof (63/65) Splashes of rose, violet, green and vermillion on the obverse; the reverse is superb with the golden center framed within a periphery of lilac.	2,850.00
1882 MS (65/65) Just about the most obvious business strike of any 1880's Quarter we've seen. This wholly frosty coin is lightly toned with hints of gold clinging to the unmarked surfaces. Attractive and scarce. (see color photo)	7,650.00
1885 MS (65/65) Untoned and satiny without even a hint of prooflike surface. Desirable as an unquestionable business strike and one of the scarcer dates of the ever popular 1879-90 date run.	7,650.00
1890 MS (63/65) Untoned and lustrous; a few insignificant marks are present in the right obverse field.	3,550.00

1892 MS (63/65) Light rose toning. 1,850.00

1895 MS (65/63) Satiny with periodic bursts of orange-gold toning. The reverse is downgraded due to its lack of overall "flash". 2,100.00
1895 Proof (65/67) Superb iridescent obverse toning; the reverse is a blend of deep rose and silvery grey. 5,750.00
1896 Proof (67/67) Extremely deep cameo with gold and iridescent crescents forming at the peripheries. Very, very flashy. 7,200.00

1898 Proof (65/67) One of the prettiest coins we have ever seen. The central obverse is a deep orange-gold and it turns into violet and emerald at the periphery; the reverse is a blend of rose, burnt-gold and light magenta. SEATED LIBERTY HALF DOLLARS

1839 VF (30/30) No Drapery. Original and attractive. 350.00
1839 MS (65/65) With Drapery. Frosty with golden centers; the peripheries are colored in sunset-gold, green and blue. Very well struck with an especially sharp head and arrow feather. The surfaces are free of all but the tiniest of marks. Far, far above average and very scarce in this grade. 6,975.00
1844 MS (63/63) Satiny and very well struck; splashes of gold outline the obverse and reverse devices. Scarce and decidedly underrated in strict Mint State. 1,750.00
1864 Proof (65/65) Spectacular burnt-gold, violet, electric-blue and sea-green toning on the obverse and reverse. 5,400.00
1871-S MS (65/65) No Drapery. Satiny with a touch of gold toning. The obverse is sharp; the reverse shows the typical softness of strike. Scarce and underrated, as a date, in all grades. 6,475.00
1873 MS (65/67) With Arrows. Untoned and exceedingly lustrous. Removed, with hesitation, from the "Superb" level due to some very light marks on Ms. Liberty's right arm. One of the most significant type coins in this list. (see color photo) 9,200.00
1874 Proof (65/63) Rose-grey with russet under-shadings. The reverse has some unobtrusive hairlines. 4,750.00
1880 Proof (65/67) Deep cameo obverse with a crescent of lilac and electric blue at the left; indescribably lovely deep lavender, mauve and deep turquoise reverse. A virgin coin with exceptional eye-appeal and "flash". 7,200.00
1881 MS (63/65) An obvious business strike with frosty surfaces under light champagne-gold hues. Weakly struck at the top of Ms. Liberty's head and the eighth star; a few tiny obverse marks from a full "65/65". 5,600.00

1881 Proof (65/65) Rich grey with gold and iridescence forming at the periphery; the reverse is a pleasing blend of violet and emerald/sea-green. 5,400.00
1885 MS (63/65) A very obvious business strike whose untoned surfaces are in full bloom and exude satiny luster. Scarce and very popular. 5,850.00
1885 Proof (65/65) The obverse is gold at the center while its fields are toned in splashes of lavender and electric-blue; the reverse has similar but slightly crisper coloration. 5,400.00
1891 MS (65/65) Fully prooflike. Deep orange-gold obverse; citron-gold reverse with bluish-green pastels below. A scarce and underrated date in Mint State. 6,500.00

1899 MS (60/63) 850.00
1899 MS (63/63) 1,175.00

1900 AU (50/50) 240.00
1900-O MS (65/65) Light gold toning on slightly proof-like surfaces. There is a tiny planchet flake on Ms. Liberty's neck; otherwise this is a superb example of a rare coin. 8,700.00
1900-S MS (65/67) Well struck and extremely satiny; rich smoky gold toning on the obverse and reverse. The finest example of this date we have ever owned. (see color photo) 7,100.00

BUST DOLLARS

1795 EF (40/40) Bolender-1. (R-1). Flowing Hair, two leaves below each wing. Natural grey with sunset-gold undertones. Well struck and centered with virtually perfect surfaces. An exceptional type coin. (see color photo)	4,100.00
1799 VF (30/30) Bolender-11. (R-1). One berry on the reverse. Cleaned at one time; now naturally retoned to a pleasing steel grey.	1,125.00
1799 AU (55/55) Bolender-14. (R-4). Light rose-grey. Struck on a large planchet with full denticles present; unusually sharp strike for the variety with very bold hair and feather details; while no luster is present, this coin shows just a touch of wear. Condition Census for the variety and a fine type coin as well.	5,850.00
1803 EF (45/45) Bolender-5. (R-4). Slightly prooflike with steel-grey coloration; the reverse shows some bluish-mottling at the centers.	2,250.00

GOBRECHT DOLLAR

1839 Proof (60/60) Restrike, ca. 1855-1860; medallic alignment of dies. Some light gold shadings have formed over mostly brilliant surfaces. There are a number of small marks in the fields; the most describable are below the 18 in the date and directly atop Ms. Liberty's head. The devices, however, show no friction and the majority of the aforementioned marks should lose their severity if (and when) some deeper toning develops. Needless to say, a very rare and very historic issue; this may be one of the few opportunities to purchase an 1839 Gobrecht Dollar in the next year or so.	8,575.00

SEATED LIBERTY DOLLARS

1846-O MS (65/65) Untoned and lustrous; exceptional strike for the date with just a touch of flatness on Ms. Liberty's head. A genuinely scarce coin in Mint State and a rarity this choice. Easily one of the finest known and an important offering. (see color photo)	11,500.00
1868 Proof (67/67) Shimmering russet and lilac-rose toning over unfathomably deep surfaces. We have not owned a finer With Motto Proof Seated Dollar in a long, long time. (see color photo)	14,400.00
1870 Proof (65/65) Dusky golden-grey with flecks of lilac in the obverse fields; the reverse is shading to steel-blue and green at its periphery.	8,650.00
1871 MS (60/63) Original and attractive.	1,530.00
1872 MS (63/63) Unusually choice for the grade on account of its nice luster and lilac/sunset-gold coloration.	2,200.00

1873 AU (50/50) Original and attractive.	470.00

TRADE DOLLARS

1874 Proof (65/65) Cameo obverse with the russet device in a set of mauve and lilac hues; similar but slightly deeper toning on the reverse. An extremely attractive coin and a difficult date to locate in Proof as well. (see color photo)	7,550.00
1875-S EF (45/45)	210.00
1876 MS (65/65) A sensational coin with rich golden centers changing to iridescence about the peripheries. Lustrous, well struck and just about unimprovable.	5,950.00
1876-S MS (63/65) Deep rose-grey toning. This original, unabridged coin is kept out of the "65/65" category by the presence of some Mint-made planchet striations on both the obverse and reverse.	3,800.00
1877 VF (30/30) Cleaned.	110.00

1879 Proof (65/65) Light lilac-gold obverse turns iridescent at the right stars; the reverse is much dusker and is permeated by flashes of crisp orange-gold, violet and electric-blue.	7,550.00
1881 Proof (65/65) Very attractive multi-hued pastel splashes on the obverse; the reverse is a pale russet-gold with a deeper splash above the eagle's head.	7,550.00

PROOF MORGAN DOLLARS

1885 Proof (65/65) The obverse is a blend of russet, violet and jade hues; the reverse is a dusky russet with intense flashes of violet and electric-blue around the rim.	6,700.00
1899 Proof (67/67) A superb coin with a deep cameo and splendid medium gold toning punctuated by bursts of maroon-iridescence. The surfaces are mark-free and Ms. Liberty's cheek lacks any slide-marks and/or hairlines.	11,200.00
1902 Proof (67/67) Rich green, magenta and bluish toning with small untoned areas at the right obverse and the upper right reverse. Equal to the 1899 above in terms of overall quality and one of the first truly choice Proof 1902 Dollars we have seen or handled. (see color photo)	11,200.00

ONE DOLLAR GOLD

1849 AU/MS (55/60) Weak L, Open Wreath. Lustrous; light obverse rub.	650.00
1849 MS (65/65) No L, Open Wreath. A superb satiny Gem with rich greenish-orange coloration enhanced by vivid luster. The strike is exceptional as are the surfaces. A very scarce coin in this grade and one of the finest we have handled. (see color photo)	7,550.00
1849-C EF/AU (45/50) Closed Wreath. Wholly original with rich coppery-green toning over unusually clean surfaces. The strike is a trifle flat at the center with the obverse showing more apparent wear than the reverse. Scarce and in demand as the first collectible Charlotte Gold Dollar.	950.00
1853 MS (65/65) Rich greenish-yellow coloration with orange-gold overtones; frosty, very clean and fully struck.	5,400.00
1854 MS (63/63) Type Two. Struck from clashed dies. An all-original coin with excellent color, luster and surfaces. This is the nicest Type Two Gold Dollar one could hope to find for less than \$10,000.	8,400.00
1855 EF (45/45) Type Two.	840.00
1857-C AU (50/50) Typical strike on the horrible planchet this date is famous (infamous?) for. There is quite a bit of luster present and the reverse is actually quite sharp for the issue. Very scarce; with no legitimately Mint State pieces known, this is about as nice an example as is generally available.	1,450.00
1862 MS (65/65) Deep coppery toning on the obverse and reverse.	4,625.00
1864 MS (60/60) Struck from lightly clashed dies. Lustrous and toned in delicate green-gold hues. Only 5,900 business strikes were coined and many of these were either melted at the end of the Civil War or were exported for melting. Scarce. (see color photo)	2,450.00
1882 Proof (63/63) 125 struck. The obverse is quite choice with just a few hairlines visible in the fields; the reverse is slightly less choice due to a few tiny marks in the centers and some Mint-caused die deterioration at the rims. Still, an attractive coin for the grade and a scarce date as a Proof.	3,850.00
1884 MS (65/65) Fully prooflike; struck from fairly heavily clashed dies.	4,625.00
1885 Proof (60/63) Attractively toned with splashes of natural deep copper at the rims. The surfaces display a few small Mint-made marks but still retain their full reflectiveness.	2,975.00
1889 MS (65/65) A frosty and colorful example of this popular last-year-of-issue Gold Dollar.	4,625.00

QUARTER EAGLES

1808 AU (55/55) The rarest single gold type coin and, of course, a one-year issue of which only 60-75 survive. This is an exceptional piece with superb deep green-gold color. The strike is typical with weak peripheries and sharp centers; on the reverse there are adjustment marks above OF, ICA and UNI. Perhaps the single most remarkable feature of this coin is its liberal luster; the reverse, in fact, has nearly full Mint bloom. We would estimate that this is one of the top ten known for the date. We suggest an early phone call for this as it is certain to be one of the most sought after coins we've offered this year. (see color photo)	38,400.00
1843-O AU (50/50) Small Date, Crosslet 4. Typical soft strike on the reverse.	495.00
1843-O AU (50/50) Small Date, Crosslet 4. Excellent strike for the date.	550.00
1843-O AU (55/55) Large Date, Plain 4. Lustrous and well struck. Interesting large reverse rim cud at 2:00. Rare and extremely underrated.	695.00
1845 AU (50/50) Prooflike.	400.00
1845 MS (60/63) Satiny obverse, fully prooflike reverse; uniform pale green toning. Some scuffiness is noted in the obverse fields but there are no marks which break into the surfaces. Although relatively common in lower grades, this is quite a scarce coin in Mint State.	1,250.00
1845-D EF (45/45) Very deep coppery toning about the centers; deep green at the peripheries. Well struck with hints of luster in the protected areas. There is a scratch through the value; otherwise the surfaces are perfect. Quite scarce and almost impossible to find nicer.	995.00
1846-O MS (60/60) Frosty and original with rich orange and green coloration. Somewhat weaker struck than usual with the centers showing some blurriness. A very scarce coin in this grade; we doubt if more than four or five significantly finer pieces are known.	1,475.00
1850-C AU (50/55) Mostly prooflike and quite sharply struck for the date. We can not account for a strictly Mint State example and know of only four to six pieces besides this piece which grade AU. Very rare and very important.	1,850.00
1850-O AU (55/55) Fully lustrous with splendid deep golden coloration. Typical soft centers with the reverse showing more weakness than the obverse. Like all of the New Orleans gold coins of this era, a very scarce and much underrated date in higher grades.	1,250.00
1852-C AU (50/50) Prooflike and struck in rich green-gold. Very bold obverse impression; typical reverse weakness at the eagle's upper legs. There are some reverse hairlines above the eagle's head; otherwise this is an exceptional coin for the date. Very rare; one of only a half dozen or so true AU's known for the date; no strictly Mint State pieces are known. (see color photo)	2,250.00
1854-O AU (50/55) Lustrous and attractive; weakly struck at the centers. Rare in this grade and, like most New Orleans Quarter Eagles, very underrated.	650.00
1861 AU/MS (55/60)	610.00
1869-S VF (30/30) Scarce.	295.00
1870 AU (55/55) Prooflike with minimal wear; the fields show numerous shallow abrasions from contact with other coins. Very scarce; only 4,520 business strikes were coined and most of the survivors grade VF or, on occasion, EF.	1,150.00
1879 MS (60/60) Prooflike, cleaned. Scarce.	595.00
1879 MS (65/65) The finest example of this date we have ever handled. The luster and surfaces are exceptional. (see color photo)	4,200.00
1894 MS (63/65) Prooflike with extremely attractive color. Some very slight obverse marks are all but invisible to the naked eye. Scarce; only 4,000 business strikes were coined.	3,450.00
1903 MS (60/60) Prooflike.	720.00
1903 MS (65/65) Excellent luster and appearance.	3,250.00
1904 MS (63/65)	2,150.00
1905 MS (60/60)	720.00
1905 MS (65/65)	3,250.00
1907 MS (60/60)	720.00
1925-D MS (65/65)	3,250.00
1926 MS (65/65)	3,250.00
1929 MS (60/63)	540.00

THREE DOLLAR GOLD

1854 AU (55/55) A coin which, to most eyes, looks fully Mint State but is priced at a fraction of a truly Uncirculated coin.	2,370.00
1868 MS (65/65) Satiny and beautifully toned in rich orange and greenish hues. The obverse displays some very faint marks opposite Ms. Liberty's nose; the reverse is absolutely superb. Overall, the coin has that certain "look" to it which characterizes pristine, original Threes. A legitimately rare coin in this grade; probably the finest 1868 Three Dollar Gold Piece currently available on the marketplace.	13,250.00

HALF EAGLES

1795 AU (50/50) Small Eagle. Breen 1-B. Prooflike and struck in deep yellow-green gold. An original and very attractive example of this popular and historic issue. The obverse is very sharp with full denticles and sharply defined hair strands; the reverse shows similar sharpness except for, of course, the eagle's head. The surfaces show the expected marks; most notable is a planchet defect above the 7 in the date. An important coin for the type collector. (see color photo)	15,000.00
1798 AU (50/50) Heraldic Eagle. Large 8. Thirteen Reverse Stars. Rich yellow gold with orange-based luster in the protected areas and much of the fields. Better-than-average strike with some weakness at the reverse center noted; no adjustment marks or rim bruises are present. A very attractive coin which is desirable as an affordable 18th century Half Eagle.	5,625.00
1803/2 EF (40/45) Prooflike reverse. The obverse shows more wear than the obverse and there are scattered shallow circulation marks in the fields; the reverse is of "50" sharpness but these are adjustment marks across the shield and tail feathers.	3,325.00
1803/2 EF (45/45) An absolutely superb, wholly original coin with rich coppery-green coloration indicative of the above-mentioned originality. In fact, if this coin were just a tad more lustrous we would have absolutely no qualms about grading it an "AU 50/50". (see color photo)	3,700.00
1807 AU (50/50) Nearly all of the original luster is present and the surfaces are quite clean. In days gone by, when grading standards were not as tight as they are today, this coin might very well have been graded "Uncirculated". Highly recommended for the budget-conscious but quality-conscious type collector. (see color photo)	4,200.00
1810 EF (40/40) Large Date, Large 5. Struck in light yellow gold and still quite lustrous in the protected areas. Evenly worn and problem-free, an affordable Early Half Eagle.	2,525.00
1812 MS (63/63) Wide 5D. Frosty with intense yellow-green coloration. The strike is, again, excellent with full denticles present. Some adjustment marks are visible on the shield. Early gold of this quality is a wise purchase at current price levels. (see color photo)	16,200.00
1813 AU (50/50) Struck in greenish-yellow gold. A large majority of the original luster is present and the amount of readily visible wear is really quite minimal. A few small marks are concentrated on Ms. Liberty's cheek; there are inconsequential marks at 2:00 and 5:30 on the obverse. Scarce.	5,900.00
1834 EF (45/45) Classic Head, Plain 4.	700.00
1840-O MS (60/60) Narrow Mill. Prooflike with superb greenish coloration. As sharp a New Orleans Half Eagle as one could hope for; the hair strands, feathers and denticles are all fully defined. There are some light contact marks in the fields; the high spots show no rub whatsoever. Very Rare; certainly in the Condition Census for the date.	3,950.00
1842-D VF (30/30) Small Date, Small Letters. A legitimately choice coin for the grade which is fully equal to most we have seen graded "40/40". Slightly above-average for the date and an excellent value.	895.00
1843-D VF (30/30) Struck in deep green gold and somewhat prooflike. The surfaces are rather clean for the grade. Due to the fact that this is one of the more readily obtainable Dahlonga Half Eagles, we recommend it as a type coin.	695.00
1844-O AU (55/55) Attractive and minimally worn. As this is one of the more common New Orleans Half Eagles of the 1840's in high grade, it is an excellent type coin.	1,150.00
1845 MS (60/60) Semiprooflike with attractive light orange coloration.	1,550.00

HALF EAGLES (cont'd)

1845-O EF (40/40)	As usual, the surfaces are baggy and a bit on the dark side. Still, a pleasing example of this very scarce and underrated date.	725.00
1850-C VF (30/30)	Weak Mintmark. The initials "T.E." have been scratched into the left obverse field.	450.00
1851-O AU (50/55)	Typical strike but very attractive in every respect. After extensive research we have concluded that this coin is one of the two or three finest known examples of this rare and extremely underrated date. An exceptional buy at . . .	995.00
1852-C EF (40/40)	Fairly well struck and clean for the grade; deep coppery toning on the obverse and, to a lesser degree, on the reverse. Scarce. . . .	795.00
1852-C AU (50/55)	Semiprooflike. Strong mintmark. Typical strike with weakness on the curls below BERT and on the eagle's neck. While the surfaces are a bit on the scuffy side (particularly the obverse), this coin appears to have almost no wear visible. Its color is, as well, completely original. In our opinion, this is an extremely underrated date in strict AU. . . .	1,950.00
1853-C EF (40/40)	Very deep coppery toning gives this absolutely original coin a very pleasing (in our opinion) appearance. A nice piece for the type collector. . . .	795.00
1853-D MS (63/63)	An obvious "first strike" with near-medallic striking qualities and a somewhat proof-like reverse. The lustrous obverse has a light pinkish-orange coloration and is of equal overall quality, one of the more important gold coins in this offering and an important opportunity to purchase a strictly Mint State Dahlonga Half Eagle. (see color photo) . . .	7,500.00
1854 MS (60/60)	Deep natural coppery toning over lustrous surfaces. Scarce and exceedingly underrated in Mint State. . . .	895.00
1854-O VF (30/30)	Attractive natural green gold coloration atop very choice surfaces. The centers are, as usual, very soft but the date shows no weakness. A "common" coin by New Orleans Half Eagle standards but still scarce by normal standards. . .	395.00
1855-D EF (45/45)	A perfect coin for the grade with virtually unmarked surfaces and lovely orange and greenish coloration. The strike is a bit weak on the curl below Ms. Liberty's ear and the eagle's neck but even the pickiest viewer would be hard-pressed to find fault with this coin. Very scarce; most of the high grade examples of this date are "salt water" coins. . . .	1,450.00
1856 MS (60/60)	Lustrous and just a few bagmarks shy of the "63/63" level. While destined to sell to a type collector this is a scarce date, in Mint State, as well. . . .	1,550.00
1875-D VF (30/30)	Very similar in appearance to the 1855-D listed above. This, too, is a very clean and original coin with claims to a higher grade. An excellent buy at . . .	895.00
1858 EF (45/45)	Scattered marks but very sharp and wholly original; a pleasing coin in all respects. Very scarce and underrated; AU and Mint State examples of this date are virtually unobtainable. . . .	525.00
1866-S VF (30/30)	No Motto. Clean, evenly worn and attractive. Significant as the last "No Motto" Half Eagle struck in San Francisco and a condition rarity in its own right; no Mint State or AU examples are known and even strict EF's are very rare. . .	595.00
1857-S VF (20/20)	Typical strike; attractive for the grade and very scarce. . . .	625.00
1875-CC VF (20/20)	Typical blunt strike on the obverse (as on the 1875-CC Eagle, as well); the reverse is sharper, and the mintmark is plain. Not a really attractive coin but a rare coin; the finest known 1875-CC Half Eagle grades AU and only three or four strict EF's are known. . . .	650.00
1880 Proof (50/50)	Only 36 struck. Despite obvious marks and wear, this is a no-questions-asked Proof with orange-peel surfaces and full reflectiveness within the shield. Not especially pretty but very rare. . . .	1,750.00
1893-CC AU (50/50)	365.00
1895-S AU/MS (55/60)	A touch of rub on the obverse; fully Mint State reverse. Very scarce and underrated. . . .	1,150.00
1901-S MS (63/65)	2,550.00
1905 MS (63/63)	Liberty. . . .	770.00
1905 MS (63/65)	Liberty. . . .	2,550.00
1909-D MS (65/63)	3,500.00
1910 MS (63/63)	1,650.00
1910 MS (65/65)	5,450.00

1911-S MS (65/65) Superb pink and green toning on clean, velvety surfaces. A very scarce coin in this grade. (see color photo) 9,350.00

EAGLES

1851-O EF (40/45)	Scarce. . . .	435.00

1891-CC MS (60/63)	1,200.00
1891-CC MS (63/63)	Rich pinkish and coppery toning over lustrous, clean surfaces. . . .	1,500.00

1892-O MS (63/60)	Somewhat prooflike and quite attractive. . . .	925.00

1907 MS (60/60)	Indian. No Periods. . . .	870.00
1908 MS (63/65)	With Motto. A few obverse marks. . . .	3,200.00
1908-D MS (60/63)	With Motto. Nice color. . . .	2,900.00
1908-S EF (40/40)	725.00
1909 Proof (65/65)	One of <i>only 75 struck</i> in the "Roman Gold" finish; of these, it is doubtful that more than two dozen survive. This is an exceptionally choice coin. Its surfaces emanate a warm golden glow and show no breaks or shiny spots. An excellent coin to "put away" as price levels for Matte Proof gold coins have receded from their highs of 1983-4. (see color photo)	24,000.00
1909-S AU/MS (55/60)	Light friction on the obverse high spots; the reverse is fully Mint State. Scarce. . . .	1,100.00
1910-D MS (63/63)	Excellent quality for the grade. . . .	1,320.00
1911 MS (63/63)	1,320.00

1913 MS (63/63)	1,320.00

DOUBLE EAGLES

1851-O VF (20/20)	Lightly polished. . . .	780.00
1853-O EF (40/40)	Nice color; typically abraded surfaces. . . .	1,150.00
1856-S AU (50/50)	780.00
1861-O EF (40/40)	Very clean for the grade with no especially deep marks and clean rims. Very possibly one of the pieces struck by the Confederacy as the weakness on the bases of the date and the left stars suggest that the dies were well worn when this particular piece was struck. An historic and rare Double Eagle. (see color photo)	2,950.00
1865-S MS (60/63)	Repunched 1. A <i>Condition Census</i> example of this grossly underrated date. Fully lustrous and relatively free of bagmarks; lovely pinkish-green and orange toning. Very important and irreplaceable to the specialist. . . .	2,950.00
1871 EF (45/45)	Lustrous but a bit baggy. . . .	770.00
1871-S AU (55/55)	Prooflike reverse. No real wear is present but the fields do show some abrasions. Scarce in this grade and very seldom seen any finer. . . .	990.00
1875-CC MS (63/63)	Very clean for the date and for the Carson City Mint. As such, a very pleasing type coin. . . .	3,750.00
1876 EF (40/40)	800.00

1876-S MS (63/63)	A flashy coin with luster suggestive of a higher grade. . . .	2,175.00

1895 Proof (50/50)	Only 51 struck; as few as a dozen survive. This piece can be distinguished as a Proof by its broad rims, razor-sharp strike, remaining "orange-peel" and by its overall appearance. The only affordable Proof example of this rarity which we are aware of. . . .	3,950.00
1896-S MS (63/63)	Entire date recut upwards. <i>Very rare.</i>	1,950.00

1907-D MS (60/63)	ANACS S-6091-A for grade and authenticity. . . .	1,000.00
1908 Proof (67/67)	Light Matte Proof; one of 101 struck in three different finishes (Dark Matte and "Roman Gold" finishes are known; also the former is quite rare while the latter is unique — cf. 1976 ANA: 3302). A beautiful example of a beautiful coin. The surfaces are flawless with no shiny spots or abrasions. A reverse wire rim from 2:00 to 8:00 serves as identification. . . .	42,500.00
1908-D MS (63/63)	With Motto. . . .	2,500.00

1925 MS (63/65)	1,800.00
1925 MS (65/65)	2,575.00

- 1859 Proof (65/65) J-240. (R-4). Half Dollar. The Long-acre obverse with the "1/2 DOLLAR" reverse. Copper. R.E. Virtually full red and quite scarce as such. 3,950.00
- 1861 Proof (65/65) J-280. (High R-6). Half Dollar. Regular dies obverse; regular reverse but with GOD OUR TRUST above the eagle. Copper. R.E. Faded red and brown. Rare. 3,950.00
- 1864 Proof (65/65) J-371. (High R-6). Two Cents. Regular dies trial piece. Copper-Nickel. P.E. Natural brownish-gold coloration over flawless surfaces. Rare and important. 2,950.00
- 1868 Proof (65/65) J-618. (R-4). Three Cents. Large date; smooth-surfaced numerals. Nickel. P.E. Variety One with last 8 high and close to curl. An outstanding piece with deep original surfaces toning to a light bluish-gold. 1,950.00
- 1868 Proof (65/65) J-633. (R-4). Five Cents. Light gold toning over unspotted, reflective surfaces. An obverse wire rim is present from 12:00 to 4:00. 1,750.00
- 1869 Proof (65/65) J-753. (Mid R-7). STANDARD SILVER Half Dollar. Second Liberty Head. Aluminum. P.E. Quite reflective and untoned. A huge knife edge is present from 12:00 to 5:00 on the obverse; the surfaces show a few flaws but none are serious. Rare and underrated; approximately six or seven are known and few are of this quality. (see color photo) 3,950.00

- 1870 Proof (65/67) J-837. (High R-6). STANDARD Dime. First Liberty Head. Silver. P.E. Superb iridescent toning with reddish-gold hues predominant on the obverse; blues and green dominate the reverse. We estimate that, at most, thirteen to fifteen survive; again, few are even close to this in terms of quality. 3,250.00
- 1870 Proof (65/65) J-894. (High R-6). STANDARD Quarter. Second Liberty Head. Silver. R.E. Bluish-grey and gold toning. The reverse shows massive clashmarks from the obverse. An interesting piece and another rare issue. (see color photo) . . . 2,950.00
- 1874 Proof (65/67) J-1354. (R-6). Twenty Cents. The Bailly obverse with the reverse which is nearly identical to the regular die. Silver. P.E. Deep blue, green, orange-gold and violet toning. An obverse hairline above the tobacco plant keeps this gorgeous piece out of the superb class. A coin which combines rarity, condition and historical significance. (see color photo) 8,500.00
- 1875 Proof (67/65) J-1407. (R-6). Twenty Cents. Design of the regular die but with a smaller date and incused LIBERTY; laurel wreath with 1/5 OF A DOLLAR within. Silver. P.E. Magnificent emerald and blue obverse; deep russet, gold and emerald reverse. A striation below the O in OF removes this striking coin from the "superb" level. (see color photo) 8,500.00
- 1884 Proof (65/65) J-1721. (R-6). Eastman Johnson's "Holey Cent". Nickel. P.E. Thick planchet, medium-sized perforation. Untoned and attractive; small edge clip just to the left of the shield on the reverse. Scarce, unusual and unappreciated. 2,750.00
